Largest Growers of Perennial Seedlings in America

Seven Million Seedlings . . .

Airplane view of some of the Seedling
Beds at Richards Gardens,
Plainwell, Michigan

You are invited to visit us at the "Old Homestead"—the Red Brick Tavern—Famous for its Chicken Dinners. Located just north of Plainwell, on US-131, about half way between Kalamazoo and Grand Rapids.

It will be worth your while to see the 30,000 Vetterle and Reinelt Pacific Hybrid Delphiniums in full bloom during August and September, at Richards Gardens.

GENERAL LIST OF **PEONIES**

— FROM —

Richards Gardens

"Old Homestead Brand"

Grower of Peonies for Twenty-two Years

The 1939 peony blooming season was certainly a gorgeous one. If any peony ever bloomed, it bloomed this year. I do not see how it is possible for anyone to go through this season and see the gorgeous colorings of the peony and not determine to have a planting as large as he could afford.

We want to say just a word about the quality. We send out, as always, nice clean roots, three to five eye divisions. All from two and three year old clumps. You will find no clubby stock in our peonies and we guarantee them true to name.

Our digging time starts September 1st., but unless you specify a shipping date they will not be shipped until after September 15th., as after that time the eyes are better and stronger and it is really better to wait until that time, unless you must have them before.

Where ten of a kind are ordered, an extra root will be added.

We are giving the rating on the peonies and you will note that there are many in this list that are nine or better and only in one or two instances are they below eight. We are very proud of this list and know you will be pleased with the offerings we make this year.

✠—————✠
OUR GUARANTEE—We exercise great care in keeping our varieties true to name and will replace any variety that proves untrue three years from date of sale.

✠—————✠

PEONIES TO COLOR

We have, every year, an accumulation of peonies to color but unnamed. These are from our regular stock and you might get a \$3.00 peony among these mixed varieties. White, 20c each; Pink, 20c each and Red 20c each. Not less than five of these will be filled on an order, or we will furnish

6 red mixed	}	for \$3
6 pink mixed		
6 white mixed		

RETAIL PRICE LIST 1939-1940

DOUBLE VARIETIES

RATE	EACH
8.6 Albert Crousse -----	.25
Double, light rose pink with creamy tone. Profuse bloomer. Strong stems and good foliage.	
8.1 Asa Gray -----	.25
Delicate pink, some years slightly mottled. Very free-flowering and very fragrant. Fine for cutting.	
8.7 Avalanche -----	.25
One of the very best of the white peonies, late and a very prolific bloomer. A fine cut flower.	
8.8 Ball of Cotton -----	1.00
As name implies, this peony, when fully open, is large compact white ball. Fragrance mild. Strong stems and good bloomer.	
9.0 Baroness Schroeder -----	.40
Creamy white, late mid-season. Fine cut flower and very fragrant.	
8.0 Boule De Neige -----	.25
A good white free-bloomer, mid-season. A low priced variety where quantity of white flowers are wanted.	
8.6 Cherry Hill -----	.60
Very early red, medium size. Good bloomer.	
8.7 Claire Dubois -----	.50
Very large and one of the finest peonies, makes enormous buds and flowers. A valuable cut flower variety, in the dark pink class, and holds its color well. Blooms in late mid-season.	
9.5 Daphne -----	1.50
One of the very largest peonies. Late and a pure white.	
Edith Forrest -----	.40
This peony has not been rated and the only reason I can conceive is that it is not very general in commerce but it is in my mind one of the very best of dark pink blooming just after Edulis Superba and a really fine peony.	
7.6 Edulis Superba -----	.25
This is one of the few peonies which we have that is rated under eight and there is no reason why Edulis Superba should carry this low rating as it is really a good peony, early, free-flowering and a fine cut flower in the dark pink class.	

RATE	EACH
8.7 Elwood Pleas -----	.40
Large, late pink peony on the order of Therese.	
8.3 Eugene Bigot -----	.50
Large, late crimson peony.	
8.4 Felix Crousse -----	.25
Late, mid-season red peony, one of the Big Four of peonies, and probably the largest seller of all red peonies. Sure bloomer and always opens well.	
9.2 Festiva Maxima -----	.25
One of the oldest of the white peonies and some say the very best white yet produced. A sure bloomer. One of the Big Four.	
Frank E. Good -----	5.00
One of the newer peonies not yet rated. In color is like Solange but more sure to bloom. We predict great things for this peony.	
9.1 Frances Willard -----	.75
Large perfectly formed flowers of blush white with creamy tint. Blooms in late mid-season.	
9.3 Frankie Curtis -----	2.00
This is sure one of the better types of peonies of the newer varieties in white. Tall, free bloomer with stiff stem and sure to please.	
8.2 Gigantea -----	.75
Double type, very large rose pink, with pleasing fragrance, excellent foliage. One of the very largest peonies.	
Gloriana -----	.50
Not yet rated and not well known but a very good pink.	
Grace Batson -----	2.00
This is a deep pink and a good one.	
8.2 Grover Cleveland -----	.40
Large, red, late mid-season.	
9.5 Hansina Brand -----	3.00
A very late, dark flesh-pink peony. This peony has been a prize winner two different years and always makes a good showing.	
9.0 Hazel Kinney -----	2.00
Hydrangea pink, mid-season. One of the good varieties originated by Brand.	
8.7 James Kelway -----	.25
Very large, early mid-season peony, opening pink and turning white. Fine for cutting.	

RATE	EACH
9.0 June Day -----	1.00
Old rose-pink, large flower. Blooms in mid-season.	
8.8 Karl Rosefield -----	.25
Red, large flower, blooms in mid-season. This is not the ordinary red but has a light touch of crimson. A reliable bloomer. Does not open well when cut in bud.	
9.8 Kelway's Glorious -----	1.00
Creamy white with slight flecks of crimson; very fragrant, considered one of the very best of white peonies.	
9.1 Lady Alex. Duff -----	.75
Pale blush pink, almost white. Flowers born in clusters which open all at same time making an excellent peony for informal decoration. A real show peony.	
8.8 Laura Dessert -----	1.00
Anemone type. The outer petals of white with center of canary yellow, considered to be the best and nearest to a yellow peony.	
9.9 Le Cygne -----	1.50
The highest rated peony of all. Ivory white. Blooms early.	
8.8 Lillian Gumm -----	.50
Very large, deep rose-pink flower; a real beauty and blooms in mid-season. Fine for cut flowers.	
9.0 Longfellow -----	.40
Large, crimson flowered peony blooming in mid-season. Free-flowering and very showy as cut flowers.	
8.0 Lora Dexheimer -----	.40
Bright crimson. We consider this one of the very best of the reds and when it is better known should be very popular. Blooms in mid-season. Fine for cut flowers and blooms very freely.	
8.7 Lorch -----	.75
Large pure snow white outer petals with center petals of lemon and cream with rose fragrance. Not very well distributed but when well grown is a beautiful flower.	
8.7 Luetta Pfeiffer -----	.75
Large, pale-pink flower, blooming early. Very free-flowering and excellent for cut flowers.	

RATE.	EACH
9.0 Mabel L. Franklin -----	1.00
Blooms in mid-season. Very large, free-flowering. Pink and very fragrant.	
8.7 Mary Brand -----	.40
Dark clear crimson. A very free-flowering peony and where quantities of red flowers are wanted this is an excellent one to have.	
8.5 Maude L. Richardson -----	.50
Light rose-pink, blooming very late. Very free-flowering and fine for cut flowers opening well for a late bloomer. Very fragrant.	
7.7 Mme. de Vatry -----	.25
Large, pink, mid-season blooming. Excellent for cut flowers.	
7.8 Modeste Guerin -----	.40
Dark rose pink. Sometimes called American Beauty peony on account of resemblance to American Beauty Rose. A very excellent early peony.	
9.3 Mons Jules Elie -----	.25
Large early flowering peony. One of the very best for cutting. Always a sure bloomer and nearly every bloom a specimen.	
8.8 Mons Martin Cahuzac -----	.75
This is the darkest peony which we have. Blooms in early mid-season and very free-flowering.	
9.6 Mrs. A. M. Brand -----	1.50
A large clear white flower with a flat form. Strong stem and was a prize winner in 1923.	
9.2 Mrs. C. S. Minot -----	1.00
One of the most beautiful of all the late pink on account of the unusual reflections of color in the flower. Blooms late and is very fragrant. Excellent cut flower.	
9.5 Mrs. Edward Harding -----	.75
Pure white, free-flowering, blooms in mid-season. We do not consider it as good as the rating would indicate.	
9.0 Mrs. Frank Beach -----	2.00
Large pure white, blooms late. Plant rather dwarf.	
9.0 Mrs. John M. Kleitsch -----	2.50
Violet-rose; good strong grower and good bloomer.	
8.2 Mrs. John M. Lewis -----	.50
Large, dark crimson and blooms in mid-season. Very symmetrical.	

RATE	EACH
9.1 Nancy Dolman -----	2.00
Pale pink; late; very large blooms and very free-flowering.	
Officinalis Rubra -----	1.00
The old fashioned peony of your grandmothers garden. Always in bloom at Decoration Day in this climate.	
9.2 Phillippe Rivoire -----	1.00
This is considered the best red flower. It blooms in mid-season; is dark crimson in color, which holds well. Free-flowering. Excellent for cut flowers or landscaping. We have a very good stock of this.	
7.7 Philomele -----	.25
Anemone type, tri-color; blooms early and is excellent where cut flowers are wanted.	
8.8 Phoebe Cary -----	.75
Pale old rose pink. Very late, double type, profuse bloomer. A good peony of good color and no serious fault.	
9.3 President Wilson -----	1.50
Double bright rose pink, spicy fragrance, strong stems. One of our very best peonies.	
8.6 Primevere -----	.60
Anemone type. The outer petals white with center lemon yellow, similar to Laura Dessert but not nearly as fine a flower.	
7.7 Rachel -----	.25
Early free flowering red. Not a very large bloom but brilliant color and flowers have excellent keeping qualities.	
8.8 Reine Hortense -----	.40
We cannot say too much about Reine Hortense. It is a very large pink, rather flat bloom and free-flowering. Considered one of the very best of cut flower varieties. Blooms in mid-season.	
8.8 Richard Carvel -----	.50
The earliest of the red peonies of Chinese type to bloom. It is one of the very best of reds as it is very excellent for cut flowers. Free-flowering.	
9.1 Rose Shaylor -----	1.00
Pale pink, tall, strong-flowering with stiff stems. Very excellent flowers for cutting.	
9.0 Sarah Bernhardt -----	.50
Very large, late, rose-pink flowers. One of the very best as an exhibition and cut flower on account of perfectly formed flowers and graceful stems. Blooms very freely.	

RATE	EACH
9.7 Solange -----	.75
When this flower is at its best it is without question one of the finest peonies in existence. The buds sometimes water-log and do not open so it is not often at its best but really worth while to have a few in your peony collection. The color is creamy white tinged with pink.	
8.2 Sops-of-Wine -----	.50
Late, dark red peony. Free-flowering.	
8.8 Souv. de Louis Bigot -----	.75
A most unusual flower, large and quite flat, the color is a deep pink with tinge of coral sometimes on order of Walter Faxon.	
9.8 Therese -----	.75
Very handsome show flower, large bright pink. Blooms in mid-season. Highest rating in pink peonies.	
9.4 Tourangelle -----	.50
A late blooming pink peony which is excellent as a show flower but its weak stems do not recommend it for cut flowers.	
9.3 Walter Faxon -----	.40
Coral pink, the most distinctive coloring of all peonies, is free-flowering and when picked in the bud and allowed to open inside its beauty is very striking. However, fades quickly in the sunlight and should be picked in the bud.	
8.3 Winnifred Domme -----	.50
A small flower, blooms in mid-season. Has a very distinctive color, almost as dark as Mons Martin Cahuzac and really a most desirable peony.	

JAPANESE PEONIES

8.1 Cathedral -----	.40
Bright violet-rose guard petals. Heavy center of violet-rose petaloids edged and tipped with golden yellow. Very striking. Mid-season. Strong grower and good bloomer.	
8.2 Flashlight -----	.40
Tyrian rose, blooms in mid-season and medium size. Good bloomer.	
9.2 Fuyajo -----	.50
Dark purplish crimson, blooms in mid-season. Free-flowering.	
8.0 Gypsy -----	.25
Dark wine-red, blooms in mid-season and of medium size.	

RATE	EACH
8.6 Mikado -----	.25
Dull crimson, of medium size, blooms in mid-season. Free flowering.	
Prince Ito -----	1.00
Much like Fuyajo but slightly darker and several days later. Does not fade so much.	
8.9 Tokio -----	.75
One of the best in clear pink. Large and fairly good bloomer.	
9.0 Toro-No-Maki -----	1.00
Blush-white, very large, blooms in mid-season and fairly free-flowering.	
9.0 White Lady -----	1.00
This is a dwarf plant with large white blooms opening in mid-season. Good bloomer.	
Yellow King -----	1.00
One of the very best of the newer Jap peonies. Pale-pink.	

SINGLE PEONIES

8.4 The Bride -----	.40
Pure white, early blooms and large. Very free-flowering.	
8.7 Harriet Olney -----	.50
Very large, soft rose with center of yellow stamens. Blooms in mid-season.	
8.5 White Swan -----	.50
This is a late blooming white peony.	

New Dorp, Staten Island, N. Y.
June 14, 1939

Richards Gardens,
Plainwell, Michigan.
Gentlemen:

I'm writing to inquire what happened to my *Liatris* plants you wrote promising to send me. That was in the spring. With this exception I can truly say that never have I received such splendid plants, so well wrapped and so healthy. I am so delighted to have found such a high-class firm, doing business by mail, that I haven't hesitated to speak to my neighbors both here and elsewhere on the island.

Not one plant has been disappointing, rather the opposite is true. It is great to go into the garden each morning and every now and then find another surprise. I would appreciate your remembering me with your spring catalog, which I will look forward to with keen interest.

Again thanking you for your wonderful plants and excellent service, I am

Gratefully yours,
(Signed) Eleanor Reilly.

What Our Customers Say

No. Collins, N. Y.,
July 11, 1939

In the spring I ordered from you three dozen perennial seedlings. Every one grew and are blossoming. I never got so many flowers for so little money and I'm enjoying every one, they are just beautiful. Can you send me a list of Lily and other bulbs for fall planting?

Sincerely,
(Signed) Mrs. Clara Herman,
Shirley Road,
North Collins, N. Y.

901 Cross Avenue,
Elizabeth, N. J.
June 21, 1939

Richards Gardens,
Plainwell, Michigan.
Gentlemen:

The seedlings which I bought from you are doing splendidly and all have bloomed. I am very much pleased, and shall be glad to get more next spring. The Campanula and Papaver have been a sheet of bloom; the Pyrethrum are coming into bloom now.

I thought you would be glad to know how nicely everything is doing.

Very sincerely yours,
(Signed) R. Dorothea Jones.

Ames, Iowa,
June 22, 1939

Richards Gardens,
Plainwell, Michigan.
Gentlemen:

The plants arrived yesterday afternoon in perfect condition. With the rainy weather we are having at present in which to plant we shouldn't lose a one.

We note that you were sold out on the Longissima Aquilegia. You could send an equivalent amount of Crimson Star or Mrs. Scott Elliott if you wish. We ordered 15 dozen plants but did not find the extra 2 dozen which should come free with each 10 dozen.

Your plants certainly represent real value and I have been telling my friends about them. Two of them have asked me to have you send them free lists. More would probably like you to send them lists too so I am giving you the names of several.

Sincerely yours,
(Signed) C. A. Iverson.

Field Grown Phlox

We are large growers of Phlox and we have the following in field grown plants which are one year old, the best size for transplanting. These are well rooted and have all bloomed in the field so we know they are true to name. A nice planting of Phlox will give color to your garden during July and August when many of our other perennials are not in bloom. The wide range in color will make it possible for you to have a real colorful garden. Our fine list includes some of the best of the old and the best of the new. Remember, there are prepaid.

AFRICA—Carmine red with darker eye. Large trusses. One of the most beautiful, strong growing varieties in its color.

B. COMPTE—Late, tall growing, popular rich wine red.

BORDER QUEEN—Dwarf with massive heads of watermelon pink. Long blooming season.

CAROLINE VANDENBURG—Lavender bloom, the nearest to a blue of all phlox. Large individual flowers. Splendid variety.

COUNT ZEPPLIN—White with bright red eye, very striking.

ECLAIREUR—Large growing purple. The very best in the purple colors.

E. I. FARRINGTON—Large trusses of delightful salmon shade with lighter eye. In some seasons this is slightly mottled, giving it real distinctive beauty.

GEORGE STIPP—Deep glowing salmon-pink, an outstanding variety in this color. Strong grower and excellent foliage.

MRS. CHAS. DORR—Clear lavender. Tall.

MRS. JENKINS—Tall, early, pure white.

NORDLICHT—Large flowers of carmine pink with large carmine eye.

PAINTED LADY—Soft silvery pink with red eye.

R. P. STRUTHERS—Good old variety, strong grower. Rosy red florets.

RHEINLANDER—Tall salmon-pink, a good old variety.

SIEBOLDI—Orange scarlet with crimson eye.

THOR—Deep salmon-pink suffused and overlaid with a scarlet glow. An old variety but still one of the very best!

VON HOCHBURG—One of the very best. Large size blood-red blooms.

WM. KESSELRING—New. An improved Widar. Purple with white eye. Strong grower with good foliage.

Any of the above labelled and well packed and guaranteed to reach you in good condition
18c EACH OR 12 FOR \$1.75

AETNA—Deep scarlet, tall strong grower. One of the finest of its color. Very resistant to rust.

BLUSHING BRIDE—A new variety. Something like Nordlicht but a very much taller grower and a finer flower. Large flowers, rosy pink with red eye.

DAILY SKETCH—New. Outstanding and immense flowers. Light salmon pink with carmine eye. Probably the tallest growing of all phlox and one that has had the widest publicity in the last two years.

LEO SCHLAGETER—New. One of the most vivid and fiery red phlox. Really outstanding variety with good bloom and foliage.

LILLIAN—New. One of the most beautiful of all pink phlox. Slight salmon shade. Better than Elizabeth Campbell because it is a sure grower.

MIA RUYS—A dwarf vigorous variety with large pure white blooms.

MISS LINGARD—Early white with faint pink eye. Probably most popular white.

MORGENROOD—Unusually striking flowers of deep rose shade of red, large florets.

MRS. SCHOLTEN—Dark salmon pink, very large flowers. One of the most striking varieties in our whole collection.

SALMON GLOW—A true, clear, deep salmon-pink with deep carmine eye. Large size and robust grower.

SALOME—New. Dark pink without magenta coloring so common to phlox. You will like it because it is a clear color with large trusses of flowers and a good grower.

Any of above all labelled and well packed and guaranteed to reach you in good condition

20c EACH OR 12 FOR \$2.00

10 Phlox, all labelled, our selection, for \$1.00

WELL PLEASED WITH PHLOX

Tallmadge, Ohio,
June 13, 1939

Dear Sir:

Phlox plants arrived in fine condition. I got them planted out at once just in time for another rain which should settle them in nicely. Am very well pleased with all my plants this year. Many have been in bloom, which seems more than one could expect of seedlings. Got nice color range in Robinson's hybrid Pyrethrum. Thanks a lot.

Respectfully yours,
Ross Gardens (Mrs. R. L. Ross)

Perennial Seedlings

	PER DOZ.
ACHILLEA, Filipendula, Parkers Variety (Yarrow)	.55
Splendid cut flowers. The flowers if cut when full may be dried for later use. Yellow and grows 4 to 5 feet.

When orders are given early, shipments will be made at proper time.

Make Your Garden Dollar Buy More

When we first introduced our Perennial Seedlings to the retail trade four years ago, the response to our offerings was far beyond our expectations. You growers seemed to appreciate the unusual Values we were giving you in these Seedlings—the advantages you would derive from buying these Seedlings at about one-sixth of the cost of ordinary field grown plants. As a result of our first offerings and the satisfaction hundreds of growers received from these seedlings, they came back again and again for more, making it necessary for us to increase our seedling beds each year, until now we are the largest growers of perennial seedlings in America.

Growers found that Seedlings offered by RICHARDS GARDENS were not the ordinary seedlings they got from greenhouses, but strong, healthy, sturdy field grown plants. The seedlings we are offering you this season are, we believe, the finest we have ever grown. They are plants that WILL BLOOM THIS YEAR. Of course you must not expect as large bloom as you would get from transplanted plants but they will be large enough to give you a lot of satisfaction and know you will have a finer plant for the following year's bloom. You can buy one dozen of our fine seedlings for about the same price you would pay for two ordinary field grown plants. They are packed right and Guaranteed to reach you in good condition. WE PREPAY ALL ORDERS. No orders accepted for less than one-half dozen of any one variety.
